BLAZER 6-11

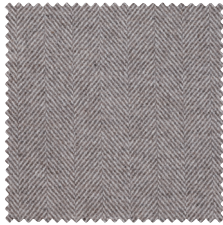

Blazer I

This season's single-faced fabrics mainly use navy, dark blue, deep coffee, and dark green, with accents of light camel, beige-coffee, burgundy, and olive green. Fabrics are sourced from leading Italian mills, including LEOMASTER, ANGELICO, Marzotto, and Marlane, featuring pure wool, wool-cashmere, and wool-silk-cashmere blends. Refined checks, flecked yarns, and herringbone patterns create a timeless, sophisticated gentlemanly style.

Functional Jacket & Trench Fabric

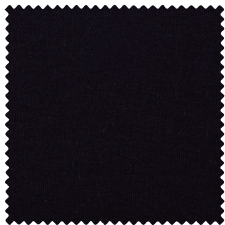

Knit composites with four-way stretch and crisp hand-feel define sharp suit jackets. Vintage suede with windproof, heat-retaining lining offers matte, wrinkle-resistant durability for short jackets. Water-repellent wool-blend gabardine provides windproof, breathable, drapery structure for oversized trench coats. Water-repellent cotton-blend with membrane is tear-resistant and slightly stretchy for barn jackets. CORDURA® high-strength yarns resist tearing and abrasion, blurring outdoor-urban boundaries. From suits to trenches, retro to tech, fabric expertise defines all-weather protection.
