

# Warm Winter

Fabric blended with warm ginger and down fibers for antibacterial, far-infrared warming, and anti-pilling properties. High-quality down fibers trap more air for better insulation, while the soft, fine texture ensures comfort in cold weather—balancing function and coziness.

Breathable

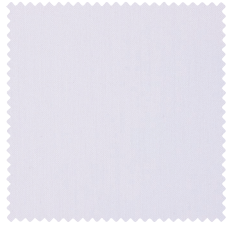

Constant Temperature

Dacron Fiber

## Wedding Series

Figure-flattering and comfortable; the cardigan-style shirt works year-round, especially for those seeking both comfort and style. Pocket details—chest patch pockets and side insert pockets—add practicality and decoration.

# Functionality

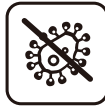

High-tech blended fabrics with rich compositions—high elasticity, efficient heat retention, wrinkle resistance, and anti-static additives to reduce static cling. Lightweight and soft, they offer a clean silhouette without bulk, suitable for commuting and outdoor leisure—a core autumn/winter trouser fabric combining quality and technology.

# Cotton

Fine long-staple cotton base retains natural softness, breathability, and comfort. Blended with elastic fibers and subtle brushed texture for autumn/winter, merging cotton's warmth and wool's coziness. Medium hand-feel, fine and gentle, breathable yet warm, easy to wear and care for — creating understated, high-end casual looks for commuting and light social occasions.
